

Before booking please ensure you read and understand the following regulations:-

- Partner/guest/spouse (one guest only) will be welcome to attend with you (non-negotiable) but will be required to remain at least 2M apart (the chairs are placed accordingly), at present whilst there are no reception staff at the building you will be asked to call on arrival where details/history will be taken over the phone.
- Handwashing on arrival and on leaving is required whilst also wearing masks, either shop bought or home-made.
- Scan times will be kept to a minimal to obtain the desired outcome. If the baby is not in the optimal position for gender opinion, then regular breaks will be taken to promote movement. Re-scans will be kept to a minimum but offered if necessary.
- Before booking and before attendance if you have even minimal symptoms then we must ask that you DO NOT attend your appointment. If a household member or a regular contact has symptoms you should also cancel and self-isolate. You can cancel through your booking confirmation or send us an email through the contact form on the website.

Scanlinc looks forward again to providing a caring and professional service for those that choose to access us. The COVID-19 pandemic has created uncertain times and resulted in many changes and challenges for all. Our aim moving forward is to establish a new normal whilst offering a level of comfort and trust for both staff and service users.

Finally, we ask that you to adhere to guidance and to remain patient and understanding of the fact that the COVID-19 pandemic may require our return to work plans to suddenly change. If lockdown was to be reintroduced, then cancellations may be required at short notice. Whilst we are taking every step possible to ensure our clinic is infection free attendance is at your own risk.

For any further enquiries email is our preferred method of contact:
